APRIL 6 – JUNE 8

CONSTANT CHANGE

The thematic program *Constant Change* highlights creatives engaged with high and low technology in their lives, work, education and practices. CVAG has instigated a gathering of artists and community collaborators to look at and reimagine possibilities for how humans, machines and data interface. The projects offer unique starting points for inquiry into the shifting terrain of shared language, intuitive and resonant gestures and communications – internally and in the world around us.

1 – 5 PM / SATURDAY APRIL 6 2019
